

Process Component

Score (0 – 20)	Criteria
16 – 20 (Excellent / Outstanding)	Communicates weekly with clarity and completeness in articulating project progress and needs all of the time. - Proactively leads weekly communication sessions by initiating relevant discussions, offering suggestions, or clarifying tasks. - Submits comprehensive and well-organised weekly project progress reports and meeting minutes, with all key information clearly documented.
14 – <16 (Good)	Communicates with clarity and completeness in articulating project progress and needs on a weekly basis most of the time. - Proactively contributes meaningfully during weekly communication sessions by responding with relevant points, offering suggestions, or clarifying tasks. - Provides detailed weekly project progress reports and meeting minutes.
12 – <14 (Average)	Communicates with clarity and completeness in articulating project progress and needs on a weekly basis some of the time. - Participates but contributions are somewhat basic during weekly communication sessions, such as answering questions when asked but rarely initiating or offering new ideas. - Provides partially completed weekly project progress reports and meeting minutes.
8 – <12 (Below Average)	Communicates with poor clarity and lacks completeness in articulating project progress and needs on a weekly basis some of the time. Minimally proactive during the weekly communication sessions; remains passive and offers little input even when prompted.

	Provides minimal weekly project progress reports and meeting minutes.
0 – <8 (Poor)	Communication is rare or non-existent. - Not proactive; does not engage in communication sessions. - Does not submit weekly project progress reports and meeting minutes.
